Greg Andersen (916) 327-4998 Greg.andersen@fire.ca.gov

- I. Welcome Members
- II. Introductions
- III. Explained the process SFM proposal deadline March 30, 2018 for recommendations to move forward to the SFM for submittal to Building Standards Commission.

IV. The formatting:

Express Terms the proposal with strike outs and underlining, for deleted language and modified language

ISOR - Justification

- V. Roofing 1505.1.1 – Looked into the legal justification behind the proposal for all class A requirement.

The proposal wants to add medium and high zones to the requirement. At the very least very high areas need to be covered with the requirement for class a roofing.

FPO is in support of the code proposal.

All the recent fires have brought high attention to the subject matter.

VI. Code Change proposals / Subgroups – update and review of proposals

a. Subgroup 1 – Opening Protection

- i. Don Oaks – Skylights, code proposal to prohibit installation within the WUI unless exceptions are fulfilled.

1. That the skylights close under red flag conditions

2. If the skylights are power operated then they will close upon power loss.

3. That the screen be put in place with the same standard as vents to prevent embers.

b. Subgroup 2 – Accessory Structures

c. Subgroup 3 – Ignition resistance

d. Subgroup 4 - Decking

e. Subgroup 5 - Heavy Timber

VII. Set up Future Meetings - Adjournment
